Parent satisfaction questionnaire results

During November questionnaires were given to parents using the Children's Centre. Here are some of the main findings..

74% were very satisfied with the service that the Children's Centre provides

65% thought that the groups run at the Centre were very satisfactory

73% would like to follow us on Facebook

We are now on Facebook! Like us and get up to date information about events at the Centre.

Parents raised issues with the Buggy Park at the Centre. The buggy park is needed for health and safety reasons as we can not have pushchairs blocking the corridor or any exits to the Centre in case of fire or need for emergency evacuation. We will be on hand to provide help for parents using the buggy shelter. Please ask at reception
